

EVEREST

Feel the Difference

Courtesy of Ford E&G

BUILT TOUGH to take you ANYWHERE.

Make your own way. Everest boasts an available 3.0L TDCi turbo diesel engine that delivers 380 N•m of torque, more than enough to handle the toughest trails and troublesome commutes. You'll experience quickness and agility all wrapped in a stylish package with exemplary fit and finish. Everest lets you chart your own course and expand your horizons.

Powertrain options:	
2.5L TURBO DIESEL	Manual – Everest and Limited
2.5L TDCi TURBO DIESEL	Manual/Automatic – Everest
2.6L PETROL	Manual – Everest (LHD)
3.0L TDCi TURBO DIESEL	Automatic – Limited

2- to 4-Wheel Drive
Switching from 2WD to available 4WD is as easy as turning the knob on the center console.

Everest Limited in Gloaming Silver Metallic

Drive quality.

It has a paint finish that looks miles deep. Chrome-accented mirrors and door handles exude prestige. Over the road or off-road,

Everest is designed with a combination of versatility and luxury.

Everest Limited in Camel Leather Trim with available equipment

Drive smart.

Well-organized and well-thought-out, the interior of Everest is your office for driving. Comfortable yet functional with large gauges,

switches placed where they make sense and versatile seating for maximum capability.

WHERE elegance meets STRENGTH.

Refined yet robust. Everest offers luxury to go along with its brute strength. The available 6-disc in-dash CD changer with MP3 capability offers enriched entertainment. Air conditioning spreads cool air evenly to all 3 rows of seating and the seat foam has specially tuned density for maximum comfort. With lots of seating options, you'll be surprised how well Everest can work for you.

Flexible Seating for 7

Everest seats up to 7 or carries up to 2,005 liters (72.6 cu. ft.) of cargo.

asiapacific.ford.com

Drive green.

Everest will take you to the mountains without polluting them. The available turbo diesel engines are ideal for off-roading, with lots of

torque to help get you around and over obstacles in your path, and to burn cleanly while doing it.

TREAD LIGHTLY while exploring NEW GETAWAYS.

A model of efficiency. The impressively smooth premium turbo diesel technology eliminates much of the noise, clatter and emissions that characterize some diesel engines, and provides outstanding performance from a small displacement. The abundance of torque on tap from the moment you turn the key lets you know Everest is ready for action.

The Science of Combustion

The 2.5L and 3.0L TDCi engines use state-of-the-art common-rail diesel technology to help produce outstanding torque, fuel efficiency and low emissions.

A SAFETY PACKAGE that provides PEACE OF MIND.

1

Sideview Mirrors with Turn Signal Indicators and Security Approach Lamps

The available sideview mirrors have integrated turn signals that help make Everest more visible to other drivers when changing lanes. Security approach lamps illuminate the ground at night to prevent missteps.

2

Engine Immobilizer

The available Passive Anti-Theft System (PATS) feature allows Everest to start only with a key that is specially coded.

3

Airbag Protection

In addition to front airbags, Everest provides available front-seat side airbags for the driver and front passenger.

4

CHMSL

A center high-mounted stop lamp provides additional warning to drivers behind when braking.

A fortress of protection. The foundation of safety in Everest starts with extremely strong body construction with side-intrusion door beams. Airbags for the driver and front passenger, and available front-seat side airbags, add an additional layer of safety. Standard anti-lock brakes help you maintain full control when braking on slippery surfaces.

Everest Limited in Titanium Grey Metallic and Camel Leather Trim with available equipment

Drive safe.

While Everest is tough enough to withstand the rigors of where you'll drive it, it's also strong enough to deal with the worst of what can

occur while on the road. Everest keeps you confident.

MAINTENANCE AND DISCLAIMERS

Protect your Everest with Genuine Ford Scheduled Maintenance Service.

Ford's recommended maintenance service schedule is designed to keep your new vehicle in optimum operating condition by providing what is needed, when it is needed. Ford and Lincoln Mercury Dealerships are the smart choice for service because our technicians know your new vehicle inside and out. They are continuously trained by Ford Motor Company and the parts they use are specifically designed to fit your vehicle.

The images in this brochure depict selected models of the vehicle. They have been chosen to give a general overall impression of the vehicle and may include features or optional equipment not necessarily released for use in any specific market. The specifications detail the models and features available in your market and were correct at the time of printing. Ford Motor Company's policy is one of continuous product development. Therefore, Ford reserves the right to change the specifications and colors of any models and items shown in this publication at any time. It is important to check with your local Ford Dealer for the latest information on models available for order in your market. Comparisons are based on 2010 competitive models.
