## NISSAN AROUND VIEW MONITOR YOUR VIRTUAL BIRD'S EYE VIEW

Using four cameras, the Around View Monitor delivers a panoramic view of your vehicle, as well as split-screen close-ups of the front, rear and side to make parking safer and easier. If you're backing up, Moving Object Detection will warn you of any unseen dangers, like a child passing by on a bike or a family pet – it saves you a lot of worry.

### DON'T BUMP YOUR NOSE.

In Drive or Reverse, the display gives you both a front and overhead view, so you know just how far to pull up – without going too far.

### COMPLETE THE PICTURE.

Located under your driver's side mirror, this camera helps round out your virtual 360° bird's-eye view, whether you're in Drive or Reverse.

### SPARE YOUR WHEELS.

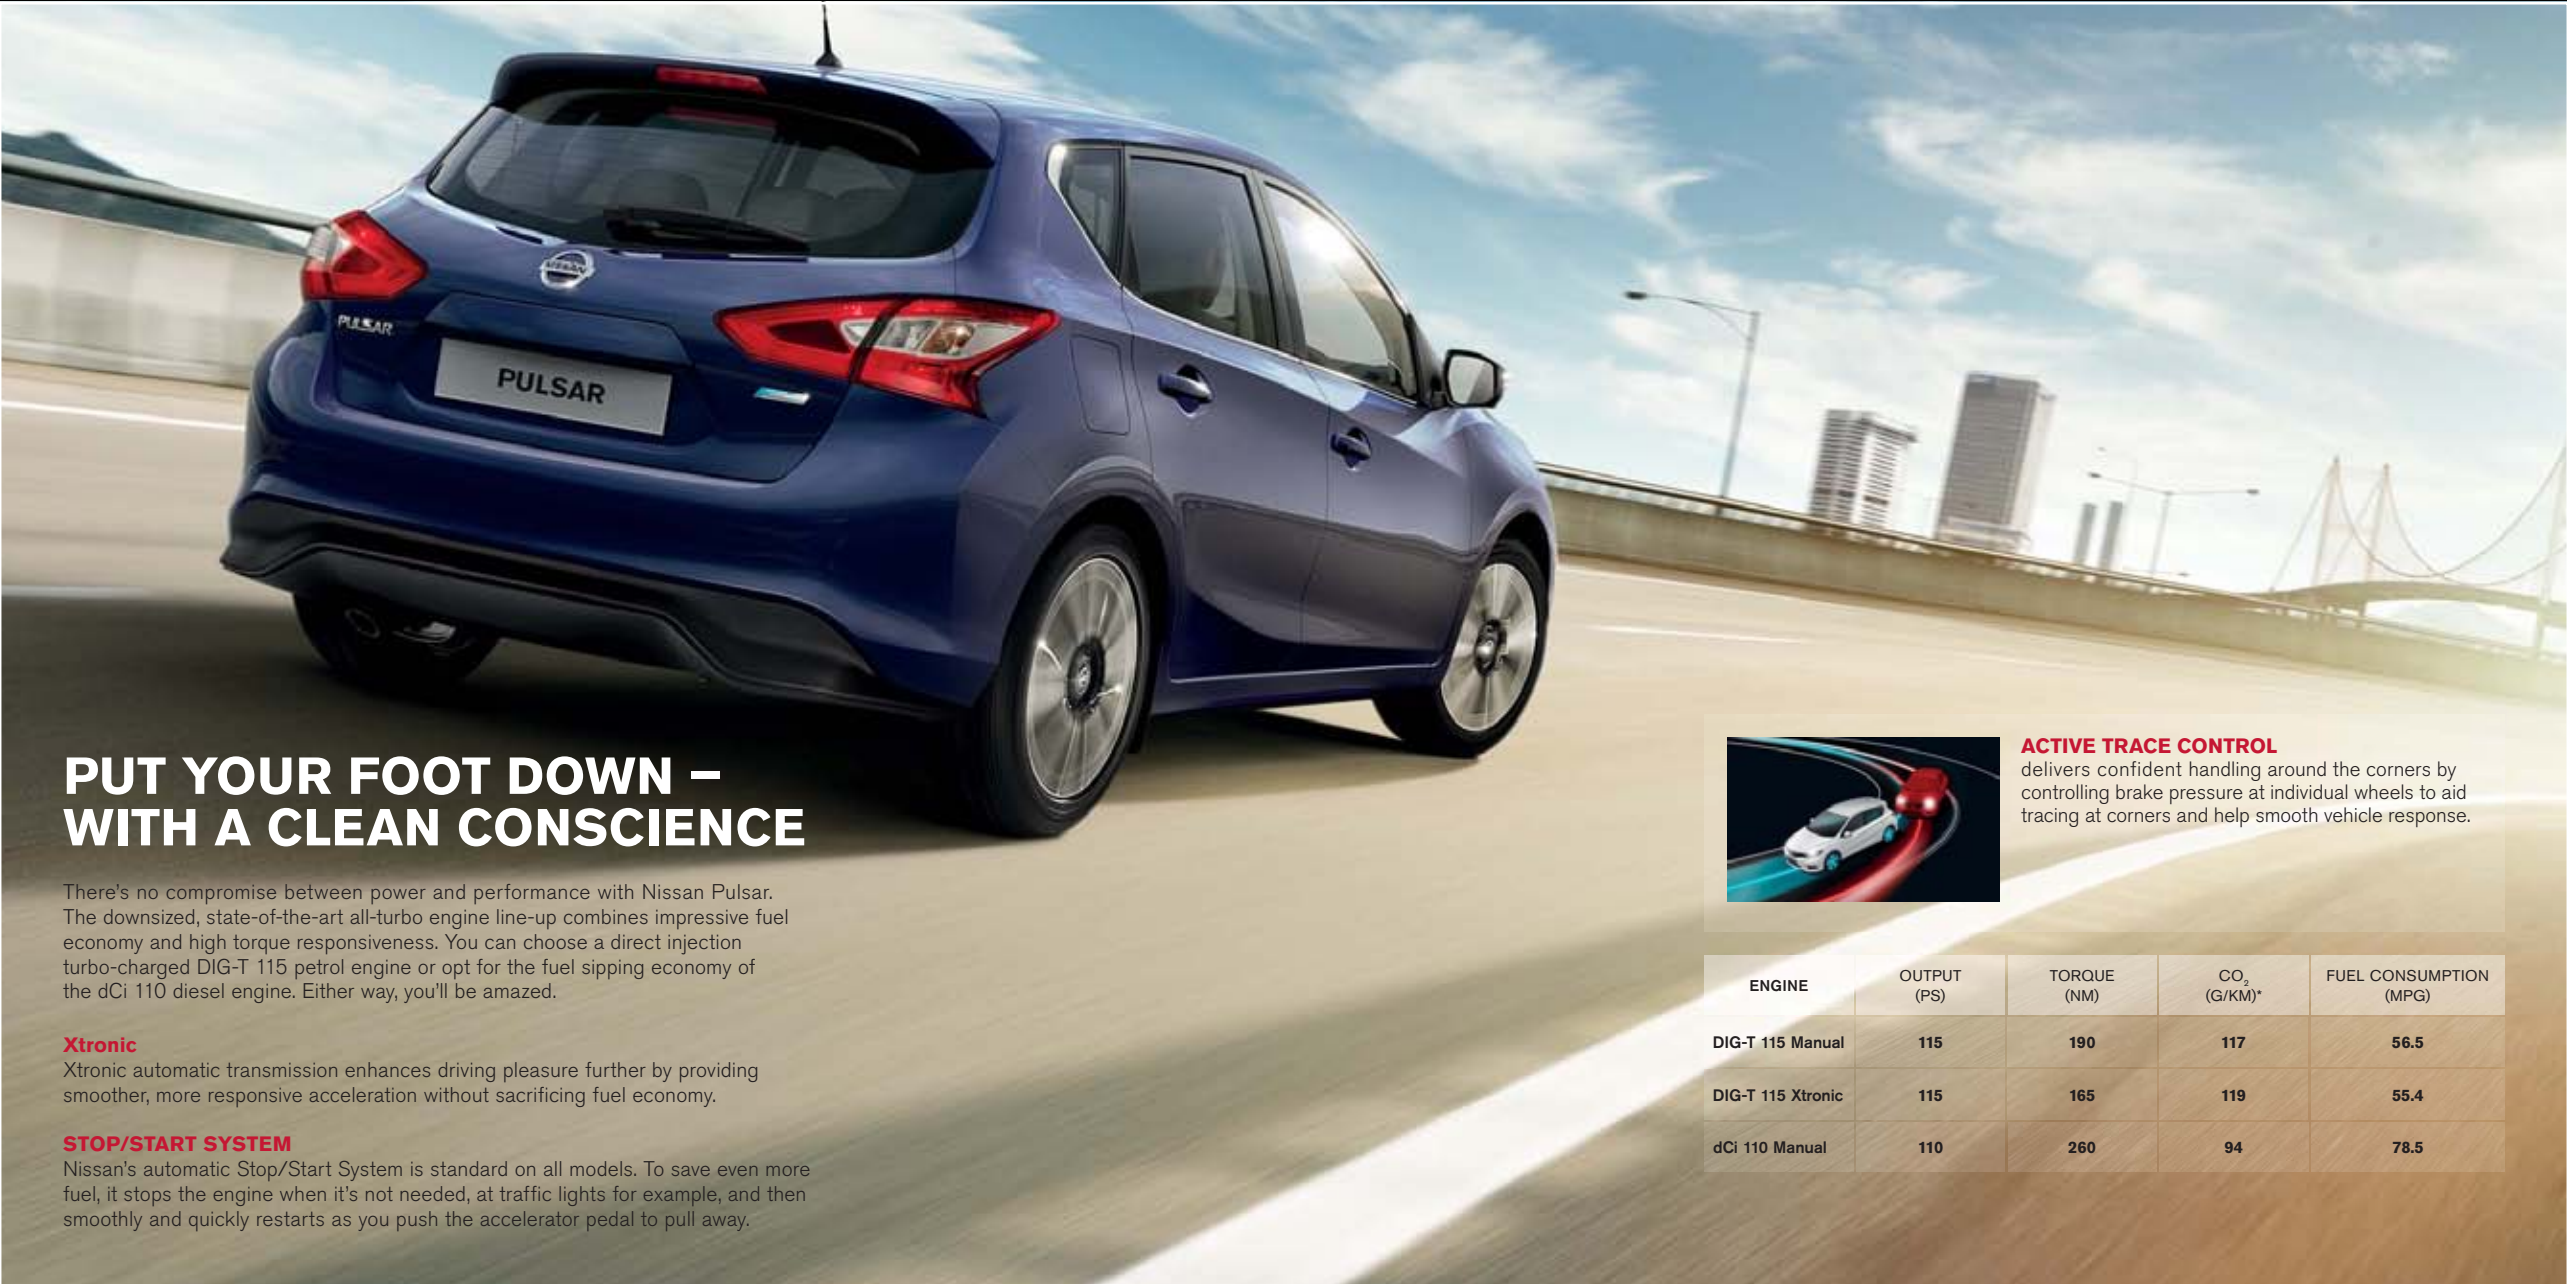

In Drive or Reverse, you can push the camera button to switch from a bird's eye view to a side view of the vehicle. A great help for seeing how close you are to the curb.

### LOOK OUT BELOW.

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with shorter objects otherwise hidden below your window.

# PUT YOUR FOOT DOWN – WITH A CLEAN CONSCIENCE

There's no compromise between power and performance with Nissan Pulsar. The downsized, state-of-the-art all-turbo engine line-up combines impressive fuel economy and high torque responsiveness. You can choose a direct injection turbo-charged DIG-T 115 petrol engine or opt for the fuel sipping economy of the dCi 110 diesel engine. Either way, you'll be amazed.

**Xtronic**  
Xtronic automatic transmission enhances driving pleasure further by providing smoother, more responsive acceleration without sacrificing fuel economy.

**STOP/START SYSTEM**  
Nissan's automatic Stop/Start System is standard on all models. To save even more fuel, it stops the engine when it's not needed, at traffic lights for example, and then smoothly and quickly restarts as you push the accelerator pedal to pull away.

**ACTIVE TRACE CONTROL**  
delivers confident handling around the corners by controlling brake pressure at individual wheels to aid tracing at corners and help smooth vehicle response.

ENGINE	OUTPUT (PS)	TORQUE (NM)	CO <sub>2</sub> (G/KM)*	FUEL CONSUMPTION (MPG)
DIG-T 115 Manual	115	190	117	56.5
DIG-T 115 Xtronic	115	165	119	55.4
dCi 110 Manual	110	260	94	78.5

## NISSAN SAFETY SHIELD

# LOOKING OUT FOR YOU

**Drive with confidence**, shielded from danger, thanks to an innovative range of smart technologies that monitor your vehicle's systems and surroundings at all times. Using an array of sensors including the rear camera and front radar, Nissan's advanced safety systems work together to warn you of any potential dangers and offer you and your passenger's outstanding protection.

## ENVISAGE THE INVISIBLE

**TYRE PRESSURE MONITOR SYSTEM.** No more guesswork: all your tyre pressures are displayed on screen and a signal lights up on the dash if they're low.

**BLIND SPOT WARNING.** What you can't see, the Blind Spot Warning System can. If there's a vehicle in the blind spot area on either side of Pulsar, a warning light will illuminate on the wing mirror to let you know. If you're indicating to change lanes and a vehicle is dangerously close, the warning light will start flashing and you'll hear an audible warning signal too.

**LANE DEPARTURE WARNING.** Keep focused: you'll be warned if you drift out of your lane. Unless you're indicating, the system will give you a signal to remind you to straighten up.

**FORWARD EMERGENCY BRAKING** Depending on speed and situation, Nissan's Forward Emergency Braking system can reduce the impact of a collision by automatically activating the brakes if you get too close to the car in front of you.

**MOVING OBJECT DETECTION.** Meet your digital parking co-pilot. With 360° degree coverage, at parking speeds this function will warn you if anything moves in close proximity to the car – for instance a family pet or child on a bike.

**6 STANDARD AIR BAGS**

**HELPING TO PROTECT YOU.** With 6 standard airbags available, including side and curtain airbags as well as the Nissan Safety Shield, Pulsar is equipped with a full suite of active and passive safety features to offer you and your passengers outstanding protection.

## SLIDE, FOLD, PACK & GO

Despite its class-leading rear leg-room, Nissan Pulsar's family-size luggage space makes sure nothing gets left behind. What's more, its 385 litres boot capacity becomes 1,395 litres with the seats folded down. Thanks to four different seat combinations and a 60/40 split, you've plenty of options for bulkier goods - so slide in the golf bag, pack up the pushchair, load the bikes and go!

**1,395** LITRES

You, your passenger and a whole load of cargo.

Keep smaller items safe and within reach thanks to lots of handy compartments and hidden storage space.
